Custom Folding chairs: a practical checklist and buying guide

1. Start with the intended use: which seat do you need?

Setting	Option to consider	What to check first
Campsites, holiday villages, relaxation areas	Chair with backrest; armrests where available	Comfort for extended sitting
Events, staff and frequent moves	Folding stool or compact chair	Weight and folded size
Picnics, fishing and excursions	Seat with pockets, storage or cooler bag	Accessories you will actually use
Beaches and seaside facilities	Easy-to-carry, easy-to-store model	Stability on sand; salt air and moisture
Sports and tournaments	Chair with backrest for breaks; stool for mobile staff	Time spent sitting and practicality

2. Compare sizes and features

Check	Chairs with backrests	Folding stools
Width	35–83 cm	31–38.5 cm
Depth	27–52 cm	Check the model
Height	58–86 cm	39–42 cm
Priority	Comfort and support	Compactness and practicality

All dimensions are indicative. Always check the selected product page and its folded size.

3. Materials and accessories: what to check

Part	Main materials	Check
Frame	Iron or aluminium	Strength and ease of transport
Seat and backrest	Polyester, including RPET	Cleaning, intended use, available version
Cases and feet	Nylon, rubber	Carrying case and grip of the feet
Comfort and storage	Foam padding; PEVA in cooler bags	Headrests, armrests, pockets, cooler compartment
Rigid stools	Polypropylene (PP)	Dimensions and printing area

4. Choose the right customisation

Technique	Suitable artwork	Key check
Transfer printing	Logos and graphics on fabric; generally up to 8 solid colours	Available material and print area
Digital transfer	Complex images, gradients and full-colour graphics	Compatibility with selected model
Screen printing	Simple logos, few colours, no gradients; large quantities	Surface and order quantity

To position your logo, check Print information on the product page: the front or back of the backrest, pockets and cases where available.

5. Checklist before ordering

[ ] I have defined where and how long the seat will be used.

[ ] I have compared chairs with backrests and stools in terms of mobility.

[ ] I have checked the open and folded dimensions.

[ ] I have verified the actual frame, fabric and accessory options.

[ ] I have chosen a colour that provides good logo contrast.

[ ] I have checked the print position and the technique available for the model.

[ ] I have considered a sample to assess size and comfort.

6. Model comparison sheet

Criteria	Model A	Model B	Model C
Intended use	_____	_____	_____
Size / folded dimensions	_____	_____	_____
Frame and fabric	_____	_____	_____
Accessories	_____	_____	_____
Print position and method	_____	_____	_____
