Personalised Mug warmers: a practical selection guide

A practical reference for comparing models, checking combinations and preparing an order suited to its intended use.

Start with the setting

Setting	Selection priority	Essential check
Office workstations	Compact size and ease of use	Compatible mug, distance from socket, cable type
Hotel rooms	Neat desk and matching accessories	Available space, USB position, mug set
Technology gifts	Combined drink and phone functions	Compatible wireless charging and simultaneous use
Reception and studios	Comfort during breaks and extra light if useful	Base dimensions and actual need for a lamp

Compare the product families

Type	Main advantage	What to check before ordering
Classic USB base	Focused on keeping drinks warm	USB type, heating surface, switch and indicators
Wireless 10 or 15 W	Adds smartphone charging	Compatibility, supported power, simultaneous functions
Set with mug	Coordinated gift or workstation set	Included mug and lid, dimensions and branding area
Mug warmer with lamp	Warmth and light in one accessory	Desk space and usefulness of the lighting modes

Quick compatibility check

[ ] **Mug:** check that the base is flat, stable and fits the heating surface.

[ ] **Power:** match the USB-A or USB-C connector to the actual workstation.

[ ] **Smartphone:** check that the device supports the model's wireless charging.

[ ] **Branding:** choose the model after checking the print area on its product page.

Checklist to complete before ordering

[ ] **Where will it be used?** desk, hotel room, reception or gift box.

[ ] **What must it do?** keep drinks warm, charge wirelessly or provide a lamp.

[ ] **Which mug will be used?** supplied model or a separately purchased mug.

[ ] **Is the connection practical?** check power access and socket positions.

[ ] **Where will the logo go?** check the positions available for that model.

[ ] **Is a sample needed?** check the size, material and print finish in person.

Briefing summary

Item to define	Information to collect
Recipients and occasion	_____
Place of use	_____
Model / function	_____
Available mugs and compatibility	_____
Power connection	_____
Logo, colours and print area	_____
Estimated quantity	_____
Sample / artwork approval	_____
